

5.11 Fire Board Employee Compensation Policy

The Fire Board values its represented and unrepresented employees and seeks to provide equitable compensation for each group and classification. The District's Board of Directors may observe this policy when adopting compensation plans and contracts covering District employees.

Principle No. 1 – Recruitment and Retention: Compensation should, when economically feasible, be set at a level sufficient to recruit and retain employees who are qualified and committed to provide high quality services to the community. One critical measure of whether compensation meets this criterion is whether there are a sufficient number of qualified applicants for advertised job openings.

Principle No. 2 – Fairness: The Board may strive to ensure its compensation program is fair and equitable from all legitimate perspectives, including the perspectives of the community, labor and management. The District may choose to survey public and private employers to evaluate the appropriateness and fairness of its compensation program. The Board is directly accountable to the District's constituents, and the Board accordingly retains the discretion to determine the fairness of all compensation programs.

Principle No. 3 – Transparency: Compensation for all District employees should be 100% transparent – i.e., the public should be able to see all pay elements, including the cost of all health, pension and welfare benefits, applicable to each employee. District pay packages should be simple and easily understood. Safeguards must be in place to prevent abuses such as pension spiking and maximizing overtime through manipulation.

Principle No. 4 – Fiscal Sustainability: All compensation commitments must be made consistent with principles of fiscal sustainability and to ensure the District's long term success in achieving its mission. Compensation adjustments must not compromise the District's ability to successfully meet its ongoing and future financial commitments. The Board may observe its Labor Relations Policy and Plan.

Principle No. 5 – Accountability: All compensation commitments must be expressly delineated and are subject to formal approval by the Board of Directors. The Board will not abide "implied" or unwritten contracts, or unspecified "past practices," that purport to require employee compensation.

Principle No. 6 – Performance Based Pay: Whenever reasonably possible, compensation may be tied to merit and performance. The District may not permit pay increases based merely on the length of employment.

Principle No. 7 – Economic Climate: The District may consider the overall economic climate and condition affecting the District and its constituents when setting compensation levels, including regional economic indicators such as the rate of unemployment, inflation, current and projected revenues, and the District's anticipated ability to pay in the long term.

Principle No. 8 – Legal Compliance: The District will ensure that its pay practices comport with the Fair Labor Standards Act and, to the extent legally applicable, State law. The District renews its commitment to negotiate in good faith with labor pursuant to the Meyers-Milias-Brown Act ("MMBA"), and to abide by all requirements of the MMBA.

Principle No. 9 – Flexibility: The District may strive to remain flexible and innovative in light of changing conditions and improving technologies, and may continually re-evaluate its pay practices to ensure they are consistent with best practices.
